Ministry update from the Raneys in Indonesia

Dear Family and Friends,

We had hoped to send you this letter from Jakarta as we had plans to arrive back on March 11. Unfortunately we were delayed as I, Cindee, became sick with influenza and had to cancel our flight on the morning we were set to depart and instead headed to Urgent Care. I am doing much better and we are now scheduled to depart on Sunday, March 17.

Thank you all! We had a great furlough seeing many of you and having precious time with family, kids, and grandkids. We are so grateful to each of you and your kindness shown to us.

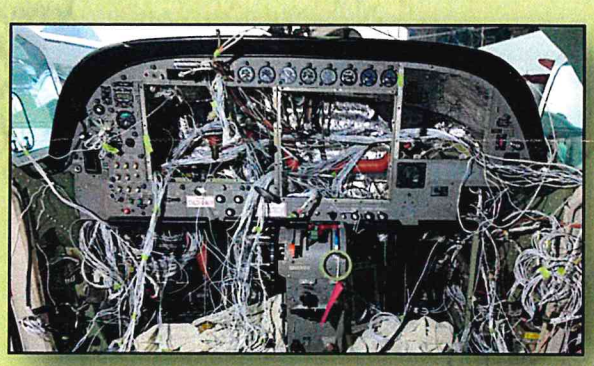
While we've been in the States, it has been so wonderful to have teammates caring for the office in Jakarta and also managing the guesthouse giving us a break. What a blessing they are!

We are praising the Lord that permissions for us to move forward on an important instrument and radio upgrade were granted for the 1st of our 3 older Caravan aircrafts. This process took months of work in Nampa and in Jakarta, creating and compiling documentation and meeting with inspectors. We praise the Lord for perseverance through all the details so that these tools may continue to serve the people in Indonesia.

We would appreciate your prayers as we adjust back into life and ministry in Jakarta. May we be faithful to what God has for us each day and may we be His hands, feet, and voice in this place.

"The LORD will watch over your coming and going both now and forevermore."

Psalm 121:8



Work begun with the airplane panel torn apart to get ready for the new instruments and radios.

The instrument panel back together and lights on.

Enabling young families as this to get to medical help they need.

Family News:

We had a great time celebrating Christmas with Elena, Elisa, Stephen, Lydia and their kids in Washington. Unfortunately Aaron, Lena and their boys were unable to make it this year.

We are grateful for overall good health. Jonathan had more skin cancer on his head that required Moh's surgery, and he has healed up well. We discovered that many food allergies have contributed to my long-term cough/ asthma. While it is not so fun to manage, we are grateful to the Lord for this discovery.

Periodically we want to update you on our ministry support. Currently we are at 89% of the required minimum target. We thank the Lord for you, our faithful ministry support team. At the same time, we are asking God to meet our support need of $850/month. Will you please pray with us about this need and how God might have you respond? If you feel led to partner through giving, you can do so online at www.maf.org/Raney or by calling MAF donor services at (800)359-7623.

We so appreciate your prayers and your support. Thank you!!!!

Blessings,

Jonathan and Cindee Raney
