

## Student Missions

April 28, 2019

- Discuss the following events of last Sunday. What were highlights that stood out to you?
  
- Was there anything said in the testimonies that was particularly meaningful, encouraging or challenging?
  
- Have any of you ever gone on a mission? What were some highlights or lessons learned from your experience?
  
- Have you considered serving in missions?
  
- There is something inspiring about hearing God working through another's life and experiences, especially in the mission field. **Is there someone's story that has inspired you?** (it could be from a testimony on Sunday, the story from another student who served over spring break, a book you read, someone you know, etc.)
  
- What are some things you took away from this service and could apply to your walk with Christ?
  
- Where is your mission field? Who specifically are you striving to reach out to and share Jesus with?
