

Dearly Brother and Sister in Christ!

October first 2019

"Praise be to the God and Father of our Lord Jesus Christ, who has blessed us in the heavenly realms with every spiritual blessing in Christ. For he chose us in him before the creation of the world to be holy and blameless in his sight. Eph 1:3-4." Brother and Sister, thank you so much for your general gift for every Month. We understand that some times you all had hard time, but you all had kindness heart for the Lord Ministry and for the kingdom of God. We also thank you for you all prayer for our family and ministry that God gave to us.

Unbelievable that the two guys from Laos that study the Bible in the Leadership Training Program. They were struggle with the finance to come to Thailand for the study beause they were poor and they thought they cannot be able to join with others in this month. But thanks God that God provided for them what they need through his loving people. So they both came and join with others. I was very happy with them. I recommend them when they go back to Laos that they need to reach out to the lost to their neighbor or their cousins that does not believe in Christ. They told me yes they will do that, so I am waiting for the good news from them. I very hope that the Lord will work through them to his loving people.

I also went to preaching the gospel to Akha Village in this Month. I thought that speaking 3 language is enough, but when I heard Akha language, I do not understand, unbelievable. I do not know what they sing about and when they read the words of God I didn't understand. But I believe that when they worship the Lord, they glorify almighty God our Father.

Actually in this month we had reach out to unbeliever with Akha village as the Lord called us to do. We went to their village and talked to them. It was very hard to communicate with them because our language and their language is totally differrent. Sometimes unbelievable that some of their words mean other thing than what we thought of meaning. My wife has frustrated to work with them because she doesn't communicate with them as like her own people. So we pray hard to Lord to work with them because is very difficult for us. We very need to see the vision of God what is His plan for us in the future to come. We only can do is keep pray about it. We hope that God will give us direction whether to do or not. And also please keep in your daily prayer, too.
